Health Advisory:

NYS Department of Health Commissioner Declares

Influenza No Longer Prevalent in the State

Please distribute immediately to: Administration, Medical Director, Infection Prevention, Nursing Administration, Risk Management

The New York State Department of Health Commissioner Howard Zucker, MD, JD, declares that influenza is no longer prevalent in New York State for the 2018-19 influenza season, as of the date of this announcement. Accordingly, at this time, section 2.59 of the New York State Sanitary Code (10 NYCRR § 2.59) no longer requires all healthcare and residential facilities and agencies regulated pursuant to Article 28, 36, or 40 of the Public Health Law, to ensure that all personnel, as defined in the regulation, not vaccinated against influenza for the current influenza season wear a surgical or procedure mask while in areas where patients or residents may be present. This declaration shall remain in effect until the Commissioner declares influenza to be prevalent in New York State.
