

## Department of Health

KATHY HOCHUL  
Governor

MARY T. BASSETT, M.D., M.P.H.  
Commissioner

KRISTIN M. PROUD  
Acting Executive Deputy Commissioner

April 13, 2022

Dear Chief Executive Officer of Administrator:

Based on the very helpful feedback the New York State Department of Health (Department) received from providers and their associations regarding recent required changes to facility leadership roles in the Health Commerce System (HCS) Communications Directory (Directory), we are taking steps to address your concerns, specifically your expressed need to assign "backup" individuals to leadership roles for your facility.

To address this need as simply as possible, the Department is creating a new "backup," role for each of the primary leadership roles (e.g., "Administrator"). Continuing with the example of the primary "Administrator," role, one (1) or two (2) individuals who are a backup to the authoritative person in the Administrator role, can now be assigned to the new, "Administrator – Backup" role. The new backup roles will receive the same communications as those holding primary roles and will have the same access to HCS applications held by those in primary roles.

We remind you that for both the primary leadership roles and new backup roles, all business hour and after hours/emergency contact information is required to be entered in the Directory and **a mobile phone number is required to be entered for all individuals assigned to these roles.**

Please see the table below which shows all of the roles, both primary and backup, and how many people should be assigned to each. These new roles are now available in the HCS Communications Directory. Please have your HCS Coordinators begin to assign the appropriate staff to those roles, to be completed by May 4, 2022.

Once again, your feedback has been much appreciated, and we believe these changes will help to ensure effective communications between the Department and your facility at all times.

Sincerely,

Kristin M. Proud  
Acting Executive Deputy Commissioner

Enclosure: HCS Communications Directory - Hospital, Nursing Home and Adult Care Facility, Primary and new "Backup," Leadership Roles

**HCS Communications Directory - Hospital, Nursing Home and Adult Care Facility,  
Primary and new "Backup," Leadership Roles**
