Black Long-Term Care Executives

BLACK LONG TERM CARE EXECUTIVES

The Members of BLTCE are Health Care Executives, Primarily practicing in Long Term Care.

Our Mission is to promote excellence in leadership in the delivery of long term care services by providing continuing education to all levels of practitioners; and develop and promote a forum in which ideas and experiences are disseminated and shared.

EVENT DESCRIPTION

This seminar is designed to honor Certified Nursing Assistants highlighting your value as a member of the Healthcare Team.

SPEAKER PROFILES

Dr. Akia Blandon PHD, AGNP, RN

Blandon, Akia PHD, RN entered healthcare in 1993 as a N.A. in Long Island, NY, while pursuing her nursing license. She persevered and excelled in nursing while raising her five exceptional children. Akia is an A.G.N.P. with a DNP. She is the President and CEO of New Beginnings HealthCare, PLLC. and works as an NP for Essen. Dr. Blandon also serves as an Associate professor and Assistant Dean of Diversity, Equity, and Inclusion at Helene Fuld College of Nursing since 2014. Dr. Blandon serves as the Assistant Regional Director for the Northeast Region/ Sorority's National Technology Chairperson, of Chi Eta Phi Sorority Inc.

Akia is a Small Group Leader at Christ Church in Rockaway, NJ that hosts a women's group bi-monthly teaching about the Christian faith. In 2017, Akia founded Pearls of Promise, a Non-for-Profit organization whose mission is to empower women and girls who have experienced life's most devastating circumstances. Pearls of Promise is currently contributing to a Girl's Home in Jamaica W.I.

Dr. Doreen Windross PHD, RN

Dr. Windross has been a Nurse for over 24 years. Graduated University of Medicine and Dentistry from Middlesex County College with A.S. in Nursing. She pursued her BSN and MSN ED from University of Phoenix. In February, 2022 she successfully completed the PhD program at Cappella University. Dr. Windross has worked a Risk Manager, Clinical Nurse Surveyor with NYS DOH, medical-surgical; neonatal intensive care, teaching in the correctional medical setting and then transitioned to Long Term Care. Due to her love and passion for teaching, mentoring, and support of nursing staff, she currently employed as Staff Development Educator/ Coordinator for NYCHHC. She is a member of Sigma Theta Tau International Honor Society of Nursing, the American Nurses Association-National and New York, and the doctoral circle of excellence of NYCHHC. She is involved in various community activities and enjoys mentoring young people and new Nurses. Personally, I am a domestic abuse survivor and sustained 70% flame burns. I am grateful to be alive today and describe myself as a living miracle.

Dr. Sherry Humphrey M.D.

Dr. Humphrey currently serves as the Chief Medical Director for the Gouverneur SNF at NYCHHC. She is a Geriatrician and has a passion for working with the elderly and the underserved population. She also has a gift of communicating with families when the most difficult end of life conversations are necessary. The offers comfort to not only the Resident but their families as well. She specializes in Palliative and End of Life Care always with a goal for a dignified transition towards end of life. She is a valued member of the healthcare team at Gouverneur.

Professor Hayward Gill, Jr., RN, MS

Professor Gill's scope of professional and personal activities encompasses a world stage but springs from his twin interests in Nursing & Education, with a focus on Humanity & the Ministry of Servitude. As a RN and academician, he successfully continues to touch many lives. His philosophy has been for over 50+ years, "Each One Reach one, and Each One Teach One."
