

Person-Centered Training Opportunities for Adult Care Facilities

The New York State Department of Health offers virtual trainings to Home and Community-Based Services (HCBS) stakeholders as part of the Person-Centered Planning Statewide Training Initiative! **Adult Care Facility (ACF)** management and staff are encouraged to participate in these free virtual training sessions.

The virtual trainings are two-hour, interactive Zoom sessions on six different person-centered topics. Each topic presents a unique set of concepts, skills, ideas, and discussions related to person-centered thinking, planning, and practice. The topics are relevant to management and staff at ACFs. See below for more information and to register:

Learning Institute Opportunity

The New York State Department of Health also offers virtual person-centered Learning Institutes. **A Learning Institute is a six-week learning experience** that engages each participant at a personal level as they learn how to support individuals receiving HCBS to have a full and meaningful life in their community of choice. The experience includes virtual group sessions, online coaching, and access to an online community of peers. See the next Learning Institute opportunity below:
