Executive Deputy Commissioner

July 1, 2019

To: All UAS-NY Long-Term Care Users

From: UAS-NY Project Team

Re: UAS-NY Upgrade to Version 1.6

The purpose of this memorandum is to notify you of the upcoming release of the UAS-NY software to version 1.6 (v.1.6). The online upgrade will begin on Thursday, August 1, 2019 at 5:00 PM and will be completed no later than Friday, August 2nd at 8:00 AM. (The system may be available sooner.) During this time, both the online and offline applications will be unavailable; we apologize for any inconvenience this may cause.

In addition, the UAS-NY Project Team will be sending *Release Notes v.1.6* to all users via IHANS communication by close of business Friday, July 12, 2019.

UAS-NY Offline Users

In addition to the Online upgrades related to release v.1.6, we are also releasing v.1.6 of the UAS-NY Offline Application/Client. This is a required upgrade for all Offline Client users.

Complete instructions for upgrading the UAS-NY Offline Application to v.1.6 will be available in the UAS-NY Training Environment References and Resources *8500 Online and Offline Application* by close of business Friday, July 19, 2019. We ask that you read the instructions in their entirety before updating/installing v.1.6.

Do not upgrade to Offline v.1.6 before close of business August 1st, as it will not work until the Online upgrade is complete.

If you have any questions or require additional information, please contact the UAS-NY Project Team at 518-408-1021 or via email at uasny@health.ny.gov
