Reporting Changes

Due to the changes to facility incident reporting requirements, The Division of Nursing Homes and ICF/IID Surveillance, is introducing new electronic facility Incident reporting forms, which will require nursing homes to report their incidents through a web-based survey application. The new **Nursing Home Facility Incident Report** form will replace the previous method of reporting incidents occurring at the nursing home using the Health Commerce System (HCS) (HERDS)

The facility will be required to submit 2 surveys for each reportable incident. In addition to an initial facility incident report following reporting timelines. (42 CFR 483.12), the facility will now be required to submit to The Department the results of the facility investigation, called Nursing Home Investigative Report, within 5 days of the incident occurrence

Reporting Requirements

Reportable Incidents include:

- Abuse, neglect, mistreatment, exploitation
- Misappropriation
- Injury of Unknow Origin
- Physical Environment Incidents
- Elopement
- Death not due to natural causes.
