Re: UAS-NY Training Environment Weekly Scheduled Maintenance Outages & New Test Drive Consumer Data

Training Environment Weekly Scheduled Maintenance Outages

The UAS-NY Training Environment will begin weekly scheduled maintenance outages on Wednesday, November 6th. The maintenance outages will occur every Wednesday morning from 6:00 AM to 7:30 AM. The UAS-NY Team will utilize this time to enhance and update coursework.

During the weekly scheduled maintenance outages, the UAS-NY Training Environment will not be available. These maintenance outages will affect the UAS-NY Training Environment ONLY and will not impact a user's ability to conduct assessments, manage case lists, run reports, etc. so long as all courses located under the *Required Courses* heading are complete. We appreciate your patience and understanding as we work to improve your training experience.

> **UAS-NY Training Environment Weekly Scheduled Maintenance Outages**
> **Every Wednesday, 6:00 AM – 7:30 AM**

New Test Drive Consumer Data

The UAS-NY provides a Test Drive version of the UAS-NY which is designed to allow users to practice conducting assessments in a safe environment that is nearly identical to the production version of the UAS-NY. Test Drive has been recently populated with 2,600 new simulated consumer records for practice use. In order to find these records within the Test Drive Statewide Database, you must input consumer data in the following manner:

1. Enter the UAS-NY Test Drive *Statewide Database* (Search → Statewide Search)
2. For *Last Name* type: **testdrive** (not case sensitive)
3. For *First Name or Initial* type: **any letter a – z** (not case sensitive)
4. For the *Date of Birth* type: ***/*/Year**
   a. You must type the asterisk * for the month and the day
   b. You may pick any year from 1920 to 2019 for the year (4-digits required)
5. Click on *Search*

Example:

- **The Test Drive Consumer Data handout has been included for user and organization convenience. Please print it as a handy reference when searching for consumers in the Test Drive Environment.**
- **The UAS-NY Test Drive Consumer Data Handout can also be found in the UAS-NY Training Environment References and Resources Course 8100.**

Please note, the previous list of consumer data will be <u>removed</u> from the UAS-NY Test Drive Environment on Friday, November 22, 2019. Organizations that currently use the previous set of simulated consumer data should plan to transition to the new consumer data immediately so as not to experience road blocks in any scheduled training or orientation.

Contact

If you have any questions or require additional information, please contact the UAS-NY Project Team. Please be prepared to provide your Health Commerce System (HCS) User ID when you call us at 518-408-1021. If you email your questions to uasny@health.ny.gov, please include your HCS User ID in all email communication.
