

QAPI at a Glance Available

CMS has created a core set of tools and resources to help nursing homes establish the foundation for QAPI as required in Section 6102(c) of the Affordable Care Act. CMS will make these materials publicly available on the CMS QAPI website by February 2013.

Prior to that release, CMS is making *QAPI at a Glance* available in draft form for advance previewing by Quality Improvement Organizations (QIOs), State Survey Agencies and Regional Offices.

QAPI at a Glance is a detailed guide that will enable nursing homes to understand QAPI principles and begin to incorporate these principles into their systems of care. This guide illustrates QAPI in action, details the five elements of QAPI, describes action steps for implementing QAPI principles and provides tools and resources that nursing homes may use as they further develop their systems. More information can be found [here](#).
