

# SUPERCHARGE YOUR PAC FOR THE END OF SESSION!

The New York State legislative session is underway, scheduled to conclude on June 12, 2025. As legislators consider bills that relate to long-term care and aging services, it is crucial for LeadingAge NY to connect with members of the Legislature as much as possible. Please help fuel our advocacy by contributing to the LeadingAge NY Political Action Committee (PAC) today!

**Ask others to donate to support these efforts:** LeadingAge NY represents you in Albany, but we need your help as we fight for the quality care and wellbeing of older adults. Share this information with Boards of Directors and colleagues to increase our advocacy impact!

## Who is LeadingAge New York?

LeadingAge New York is the undisputed leader in developing long-term care and aging services policy for the State of New York. Because of the respect LeadingAge New York has earned among policy makers, we are regularly included in budget and legislative discussions with legislative leaders, the governor's office and agency leadership. In addition, the Department of Health often turns to LeadingAge New York for guidance on a number of long term care issues, including rate-setting, reimbursement and regulatory issues.

## Why can't my facility just write a check?

Federal law strictly prohibits not-for-profit entities from involvement in political campaigns. Donations must be made from individuals' personal accounts to protect your organization's not-for-profit status. Personal donations from individuals who work or volunteer for LeadingAge New York member organizations are critical!

## Where does my donation go?

The PAC makes financial contributions to the election campaigns of the legislative leaders, committee chairs and individual legislators on both sides of the aisle who have shown a strong commitment to long-term care and aging services. Your donation supports our attendance at political events that foster meaningful dialogue, collaboration and relationship building. Your support enables us to continue to drive positive change in Albany.
