

July Nursing Home Rates Posted

DOH posted the 7/1/12 rate sheets as well as the 2010 cash receipts assessment reconciliation worksheets on the Health Commerce System (HCS) last Friday. Retroactive adjustments related to the 7/1/12 rate update and assessment reconciliation will be reflected in Medicaid payment cycle 1843 which has a check release date of Jan. 2, 2013. Please note that DOH only processed positive adjustments for homes located in the counties impacted by Hurricane Sandy. No rate sheets or assessment reconciliation worksheets are posted for homes whose negative adjustments are delayed. Negative adjustments for these homes will be processed at an unspecified, later date.
