Census Rosters Submission Deadline Now April 10

Abstract: DOH has further extended the nursing home census rosters submission deadline.

Department of Health (DOH) staff has informed NYAHS that the deadline for uploading Jan. 28 MDS census rosters to the Health Provider Network (HPN) has been extended to Friday, April 10, 2009. We strongly recommend that members review the response reports generated by HPN to verify that residents are categorized into the correct RUG. DOH requests that questions and any noted discrepancies be e-mailed to them at PRIMail@health.state.ny.us.

Documents and information related to the upload process are available as attachments to a previous NYAHS memo, [Doc ID# n00003206](#). Concerns regarding the process are addressed in [Doc ID# n00003339](#).
