Nursing Home P4P Demonstration Project Notice

ABSTRACT: DOH has issued public notice on the nursing home pay for performance (P4P) demonstration project.

The Department of Health (DOH) has issued notice in the [February 27, 2008 NYS Register](#) seeking public comment on the new RHCF P4P demonstration project. The legislation authorizing the project was promoted by NYAHSA and passed as part of the 2006-07 state budget. NYAHSA and our EQUIP™ team provided the technical analysis which forms the basis of the P4P performance standards. The demonstration project looks to distribute \$3 million in quality enhancement payments, and may form the basis for expanded P4P projects in the future. Details of the project are available in the Register notice and the deadline for the 45-day public comments period is Saturday, April 12, 2008.
