2008 Expedited Rate Appeals

ABSTRACT: DOH has issued 2008 expedited rate review payments.

NYAHS has confirmed that the Department of Health (DOH) has issued retroactive payment adjustments from the 2008 “hotline” expedited rate reviews (ERRs). Providers who’s ERRs have been resolved should have seen retroactive adjustments in the most recent payment cycle (#1635). According to DOH, they will be issuing letters and amended rate sheets for the ERR adjustments sometime during the week of December 28th.
