

## ALP LHCSA Statistical Report and Registration Forms on Universal Data Collection System (UDCS) Instructions

Submit this report with information regarding the residents your LHCSA (Licensed Home Care Services Agency) serves in the ALP (Assisted Living Program) only. If your LHCSA also serves patients in the community, you must also submit the LHCSA Statistical Report.

Please see Attachment A at the end of this document – it contains descriptions to all items on the tool bars located on the top of the Report Manager worksheets.

### General Information:

- Enter information in the blank white fields. All other fields (pink, lavender, and brown) are read-only fields. You can leave white fields blank if you have nothing to report – you do not have to enter zeros.
- A few fields are required. If they are left blank, you will not be able to submit the report. The field header will indicate that the field is required.
- Some fields require a Yes or No answer. You must double click on the blank field and choose Yes or No from the box.
- Some forms have validation edits to ensure accurate information is collected. The validation edits are described in these instructions.
- **Note: This documentation has been updated from previous versions. Images may be from previous report years. Dates in the text have been updated for the current report year (2023).**

### To Begin:

Once you have downloaded the Report Manager software and report shell (see the separate downloading instruction document):

- To start a new report, click on the Start New Report icon or to resume working on a previously saved report click on the Open Existing Report icon.

Once you have started a new report or opened an existing report, a box will pop up which is the Configure Report Organization. In this box, you will select your organizations name from the drop-down box in the organization line. If your organization is not listed in the drop-down click on the box that states Organization Not found In List for further instruction. In region section you will have to select statewide. Then click OK.

The screenshot shows a dialog box titled "Configure Report Organization" with a close button (X) in the top right corner. It contains the following fields and options:

- Organization:** A drop-down menu.
- Region:** A drop-down menu.
- Submission Period:** Set to **Annual**.
- Report Duration:** Set to **01/01/2021 – 12/31/2021**.

At the bottom, there are three buttons: "Organization Not Found In List", "OK", and "Cancel".

You will then see a report configuration box. Click the Next tab in the bottom right corner.

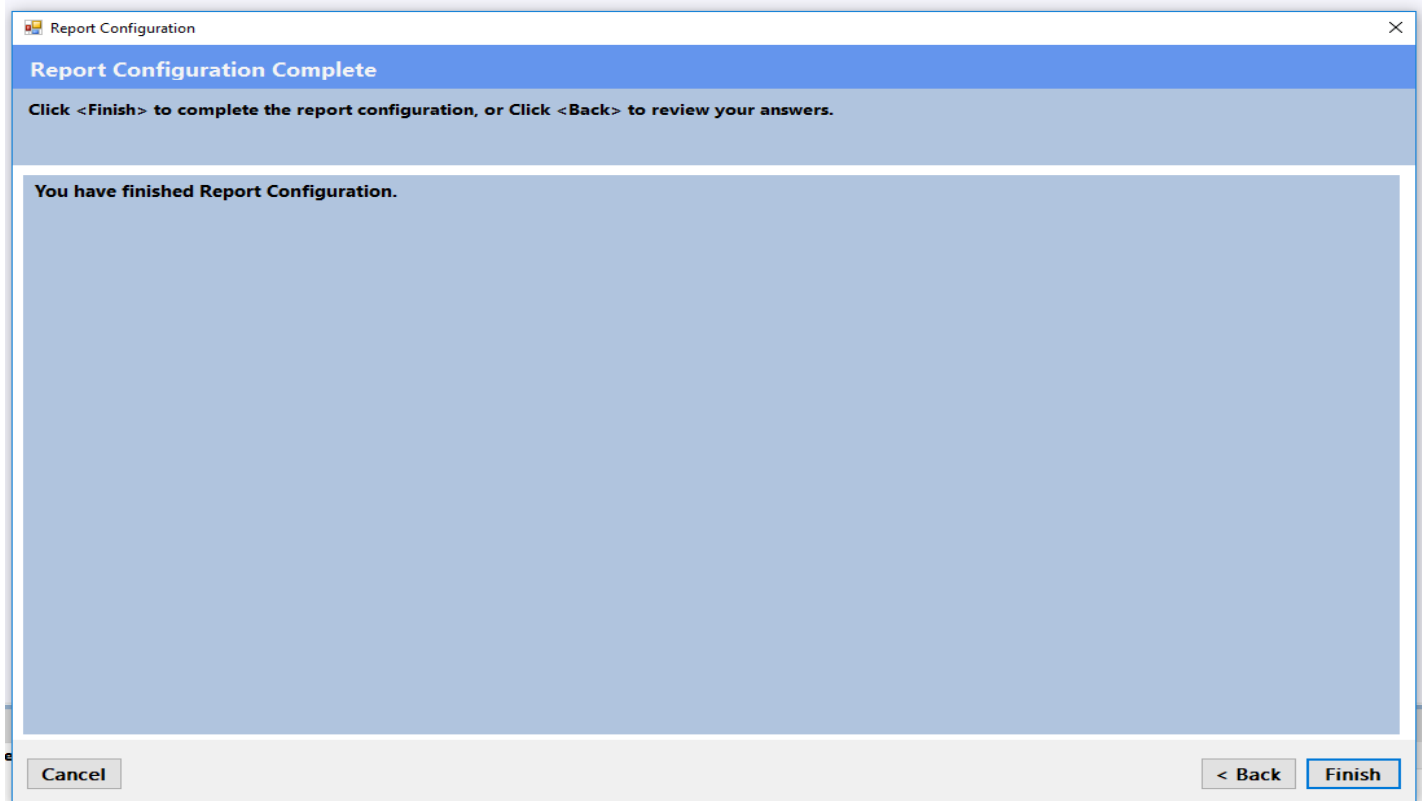

The screenshot shows a dialog box titled "Report Configuration" with a close button (X) in the top right corner. It features a blue header bar with the text "Report Types" and a sub-header "Select a Report Type". Below this, there is a table with the following data:

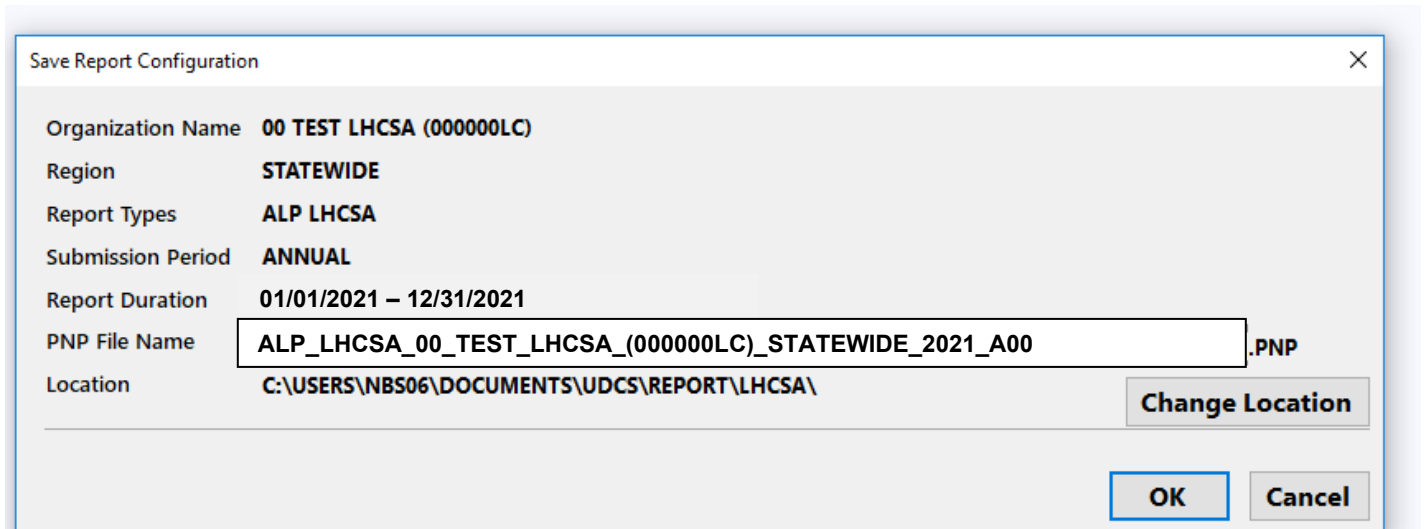

Class Code	Line Number	
999810000	1	<input checked="" type="checkbox"/> ALP LHCSA

At the bottom of the dialog, there are two buttons: "Cancel" on the left and "Next >" on the right.

A second report configuration box will appear once you have completed selecting your counties of service. Click Finish in the bottom right-hand corner.

The Save Report Configuration box will come up next to show you where your report is being stored on your computer. You can change where you want it stored by clicking the change location button.

## General Information Form

The General Information Form is part of the Report Manager Software and collects information about your organization that not only identifies you but enables the submission and certification of your report as well as the successful transfer of your data to a data repository.

When you open the report, you will receive a pop-up box that requests that you fill in the General Information Form. You must fill in the General Information Form prior to submitting the report.

A screenshot of the "Report General Information Form" window. The title bar says "Report General Information Form". The form is titled "General Information Form" and has a section for "Configuration Information". Below this, there is a table with columns "Class Code" and "Line Number". Each row contains a label, a "Class Code" field (with a value of 0), a "Line Number" field, and a text input field.

### Agency and Contact Information Section

All fields in this section, except for NPI Number, are **required fields**. You will not be able to submit the statistical report if this information is not filled in.

## Form ALP2 – Resident Form

Form **ALP2 - Resident Form** collects resident demographic information, including discharges and referrals.

ALP2 Resident Form						
Report Type : ALP_LHCSA						
ALP2 Resident Form	Residents	Age	Length of Stay	Admitted From	Discharged To	
20000	20001	20002	20008	20005	20006	20007

Adult Care Facility	00024					
Nursing Home	00025					
Other	00026					
Number of Residents Discharged to Death	00028					
<b>Total Cases</b>	00030					

Some of the totals on this form are automatically calculated – they are the lavender fields.

### Residents Section

Enter information for **Resident Census**. Enter the resident census as of December 31 of the report year (12/31/2022). Resident Census means the actual number of individual residents receiving services.

Enter the **Unduplicated Resident Count** in the next field. This is the total number of discrete individual residents that your agency has served in the year, regardless of the number of admissions and discharges that resident may have had. A resident is only counted once regardless of the number of cases they represent.

To recap, if a resident is receiving care on 12/31/2023 they will be included in the resident census count. If they had two admissions during the year, they would count as two cases but as only one unduplicated resident.

### Length of Stay Section

Length of Stay (LOS) information is entered in the next section. LOS is calculated for each episode of care or case. Length of stay should be calculated from the date the resident was initially admitted for an episode of care, regardless of the year of admission, to the date they were discharged. For example, if a resident was admitted on 12/30/2022 and discharged on 1/10/2023 her LOS is 12 days. Count the 2 days in 2022 and the

10 days in 2023 to arrive at a 12-day LOS. Residents that were discharged to a hospital or RHCF and readmitted to the agency within 30 days with the same illness or diagnosis should NOT be counted in the length of stay section.

**Validation Edit** - The total number of discharges calculated from the LOS entries on row 20 of ALP2 must match the total number of discharges calculated from the “Discharged To” section on row 30 of ALP2.

### **Referrals and Discharges Section**

The next section collects resident referral and discharge information. In the “Referred From” column enter the number of cases served by your agency that have been referred from each of the designated sources regardless of their start of service date. This means that if you are serving a case in 2023 that was referred to your agency in 2022, that case should be counted. Residents that were discharged to a hospital or RHCF and readmitted to the agency within 30 days with the same illness or diagnosis should not be counted in the discharge section.

In the “Discharged To” column enter the number of cases discharged during the reporting year to specific destinations.

## ALP3 – Cost Form

**ALP3 – Cost Form** - Collects data on revenue and costs for providing services to residents.

<b>ALP3 Cost Form</b>		
Report Type : ALP_LHCSA		
<b>ALP3 Cost Form</b>		<b>Total</b>
<b>30000</b>	<b>30001</b>	<b>30002</b>
Total Number of Days of Care	<b>00001</b>	
Total Revenue	<b>00002</b>	
<b>Average Revenue per day of Care (Calculated by System)</b>	<b>00003</b>	
Total Costs	<b>00004</b>	
Capital and Related Costs	<b>00005</b>	
<b>Operational Costs (Calculated by System)</b>	<b>00006</b>	
<b>Average Operational Costs per Days of Care (Calculated by System)</b>	<b>00007</b>	
Administrative and General Costs	<b>00008</b>	
<b>Administrative and General Costs Ratio of Operating Costs (Calculated by System)</b>	<b>00009</b>	
Home Health Aide Costs	<b>00010</b>	
Personal Care Aide Costs	<b>00011</b>	
<b>Total HHA and PCA Costs (Calculated by System)</b>	<b>00012</b>	
<b>Administrative and General Costs Ratio applied to total HHA + PCA Costs (Calculated by System)</b>	<b>00013</b>	

Some of the totals on this form are automatically calculated – they are the lavender fields.

One lines 1 and 2 enter the total number of days of care and total revenue for the report year.

On line 3 the system will calculate the average revenue per day of care by dividing the revenue by the days of care.

Enter total costs for the report year on line 4 and the amount of capital related costs on line 5.

- Capital and Related costs are onetime costs for construction, major repairs to real estate owned by the agency, etc.

On line 6 the system will calculate Operational Costs by subtracting the amount of capital costs from the total costs.

On line 7 the system will calculate the average operational costs per days of care by dividing the operational costs by the total number of days of care.

Enter the Administrative and General Costs of line 8

- Administrative and General costs are expenses for activities and materials that are used to administer your business. Examples are rent, utilities, and office supplies.

On line 9 the system will calculate a percentage by dividing the administrative costs by the operating costs.

On line 10 and 11 enter the costs to provide Home Health Aide and Personal Care Aide services.

On line 12 the system will calculate total HHA and PCA Costs.

On line 13 the system will apply the percentage from Line 9 to the total HHA and PCA costs on line 12.

## ALP4 – Staff and Wages Form

**ALP4 – Staff and Wages Form** - collects information by staff type for full time and hourly staff at two different dates during the reporting year and the total number of W2s issued, hours worked, wages, and fringe benefits.

ALP4 Staffing and Wages														
Report Type : ALP_LHCSA														
ALP4 Staffing and Wages		Estimated Percentage of Staff Time Spent on LHCSA	Number of Full Time Staff on April 1	Number of Hourly Staff on April 1	Number of Full Time Staff on October 1	Number of Hourly Staff on October 1	Average Number of Full Time Staff	Average Number of Hourly Staff	Number of Staff Hours	Number of FTEs	Staff Wages	Fringe Benefits	Total Compensation	Number of W2s issued
40000	40001	40002	40003	40004	40005	40006	40007	40008	40009	40010	40011	40012	40013	40014
Director/Administrator	00001													
Other Administrative Staff	00002													
Nursing Supervision Staff	00003													
HHA Staff	00004													
PCA Staff	00005													

Some of the totals on this form are automatically calculated – they are the lavender fields.

Enter the number of full-time and hourly staff at your agency on April 1 and October 1 of the report year. The current definition of a full-time staff is someone who works an average of 30 or more hours a week and 130 hours or more per month. The form will calculate the average number of full time and part time staff in the first two lavender columns.

Enter the total hours worked for the year. The form will calculate the number of FTEs represented by these hours by dividing the number of hours by 2,080.

Enter total wages paid, and total fringe benefits paid for each staff type. The amount of wages plus fringe benefits will be calculated.

Enter the number of W2s issued during the year for each staff type.

## ALP9WFC – Workforce Form C

**ALP9WFC – Workforce Form C** - collects employee benefit information for four types of employees, and non-wage supports for all staff.

This form requires some Yes or No Responses. To answer Yes or No, double click on the white field and the following box will pop up.

The image shows a dialog box titled "YESNO" with a close button (X) in the top right corner. Below the title bar is a "Search" label followed by an empty text input field. Underneath is a list box containing three items: "Name", "Yes", and "No". The "Yes" item is highlighted with a blue background. At the bottom of the dialog box, there is a status bar that reads "Current value for cell []" and "{no value has been assigned}" in red text. To the right of the status bar are two buttons: "Ok" and "Cancel".

Choose your yes or no response to the question, click OK, and it will populate in the field.

Scholarships	00012				
Does the agency pay increased wages for employees filling cases on weekends, holidays, or for complex cases?	00014				
Does the agency offer employer-provided health insurance?	00015				

Employees that receive health insurance or retirement plan benefits through the union, if the agency pays into the benefit, should be counted as enrolled in employer-provided health insurance or employer-sponsored retirement plan.

Short-term disability insurance may include the required coverage under New York State law or supplemental coverage that the agency offers.

## ALP10 – Registration Form

**ALP10 – Registration Form** - Collects an attestation that indicates the ALP LHCSA is currently operational and serving residents. If the ALP LHCSA has opened in the past year, you can report on the form that the ALP LHCSA is not yet operational and is currently not seeing residents.

Some fields on this form are **required fields**. You will not be able to submit the statistical report if this information is not filled in.

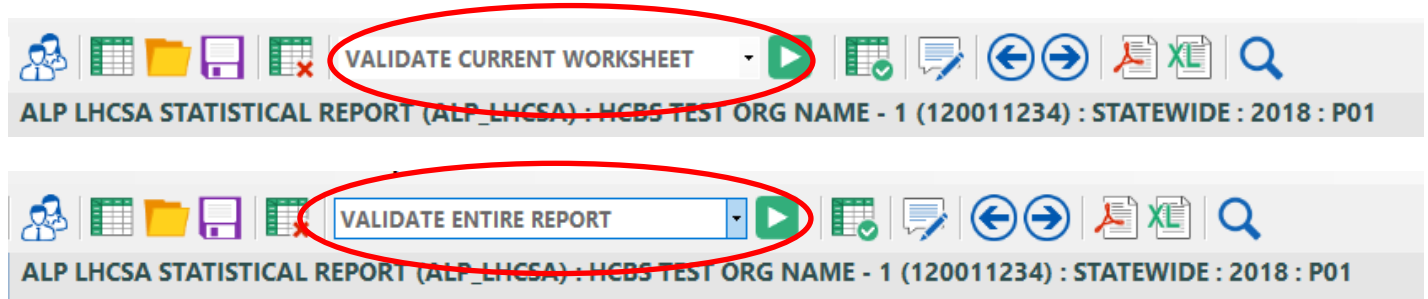

The appropriate Governing Authority Agent must request that the ALP LHCSA be registered with the Department of Health for the upcoming calendar year.

## Validating the Statistical Report

You may, at any time, validate the sheet you are working on, or validate the entire report. You **must** validate the report before submitting it.

Go to the top tool bar and click on the drop-down box next to the green arrow.

You can validate a worksheet at any time. You can also refresh the validation after it's been done once by clicking the refresh circle in the details portion of the report. Because there are so many worksheets, it may be easier to validate each worksheet once you've finished it. The results of the validation are in a table in the details section of the worksheet. The message that says "Rule Passed Validation" is only referring to the cell you are on – not the whole worksheet.

Sequence	Identifier	Level	Error	Left Value	Operator	Right Value	Rule	OriginalLogic
11	LSR2PATIENT	Critical	<input type="checkbox"/>		EEQ		The total of discharges in the "Length of Stay" section must match the total of discharges in the "Discharged To" column in the "Referrals and Discharges" section.	(20002.10) EEQ (20004.30)

13	LSR2PATIENT	Critical	<input type="checkbox"/>		EEQ		The number entered as total cases must match the total of the "Referred From" column in the Referrals and Discharges section.	(20002.2) EEQ...

**IMPORTANT NOTE:** The details section is automatically set up to show all rules. It's only an error if there is a checkmark in the error box.

Sequence	Identifier	Level	Error	Left Value	Operator	Right Value	Rule
11	LSR2PATIENT	Critical	<input checked="" type="checkbox"/>	1.0	EEQ	0	The total of discharges in the "Length of Stay" section must match the total of discharges in the "Discharged To" column

To see if you have any cells with errors – click on the filter in the details section and change it from "all rules" to "critical errors".

Sequence	Identifier	Level	Error	Left Value	Operator	Right Value	Rule
11	LSR2PATIENT	Critical	<input checked="" type="checkbox"/>	1.0	EEQ	0	The total of discharges in the "Length of Stay" section must match the total of discharges in the "Discharged To" column in the

Validations can be done for the worksheet you are on by checking the box that says "Current Worksheet" or it can be done for all worksheets by unchecking the box. You can fix an error and then re-run the validation by clicking on the refresh circle.

If you have passed the validation edits you will have no error boxes checked and get a green message that says Rule Passed Validation for each cell you choose.

### Finalizing the Statistical Report

If you have passed all the validation edits, and you are satisfied with all responses on all forms, click on the Finalize Report icon.

Or click Action on the top tool bar and choose “Finalize Report”

A message will come up asking if you are sure you want to save and finalize. Click Yes.

A second message will come up directing you to correct errors (if there are any) or letting you know that the report has been finalized.

Select a location to save your Finalized Report. **Make sure that you are aware of where it is being saved (i.e. desktop) as you will need to find the file when you upload it onto the Healthcare Financial Data Gateway. You may wish to make a new folder on your desktop and save it there.**

You will save a PDF of the report, as well as a .pnp file of the report.

The name of the report will be:

Agency Name\_(Agency License Number)\_Statewide\_2023\_A00.pnp

**The file you will want to upload will end in “.pnp”**

Your report is now ready to be submitted to the Healthcare Financial Data Gateway.

## Submitting the Finalized ALP LHCSA Statistical Report to the Healthcare Financial Data Gateway

These features will enable you to copy data from one part of your report to another, or from Microsoft Excel to your Report with some limitations:

1) You may copy numeric data to numeric or non-numeric type cells. You may not copy non-numeric data to numeric type cells.

2) You may not paste data into read only cells such as targets of formulas.

3) You may select a range of cells to copy. However, when you paste the cells, the range size must match. If the range size does not match, you will not be allowed to copy the data.

For example, if you copy a 5 cell by 5 cell range and try to paste in a 3 cell by 3 cell area, or the area has read only cells, you will be alerted to adjust your range.

**Calculations:** A window will open that lists all of the mathematical expressions in the Report.

**Text Transfers:** Lists all the Text Transfers in the Report.

Text Transfers consist of a value and a target. Once the value is entered, the target will automatically get populated with the same value.

**Validation Rules:** Lists all the Validation Rules in the Report.

Validation Rules are conditions that must be met for the report to be completed satisfactorily.

**Submission Output:** This is the XML output of the Report. It lists Report configuration information as well as class code/line numbers and the values that were entered for them.

## Configure

### *The Configure Menu*

Configure	Action	Notes
	Control Data	F2
	Report Settings	F3
	Report Types	F4

Control Data: Contains information that is required for the Report to be completed correctly and allowed to be submitted. All required Control Data fields must be complete. Required fields will have a red exclamation point next to them. When you open the Report, you will be alerted if the Control Data information is not completely filled out.

Report Settings / Report Types: These menu items are merely instructions to remind you what to do if you have created your report using the wrong configuration information, such as the wrong Report Type or wrong Region. Click on the File menu to Start a New Report. Select the correct settings and then transfer your data from the incorrect Report to the new Report.

## Action

### *The Action Menu*

Action	Notes	Windows	Search
<b>Validation Method</b> ▶			
Start Validating			F5
Stop Validating		Ctrl+F5	
Finalize Report			F6
Recalculate Formulas			F7

### ***Validation Method: Current Worksheet or Entire Report.***

In order to Finalize the Report for Submission you must run it through the validation process. You can validate to check only the current Worksheet, or you can run Validation for the entire Report. You must Validate the entire Report in order to pass Validation and have a Finalized Report that is ready to submit.

**Start Validating/Stop Validating:** Once you have selected to validate the current Worksheet or the entire Report you can select the Start Validating item. For larger Reports, you may choose to Stop Validating at any time.

## Notepad

### *The Notepad Menu*

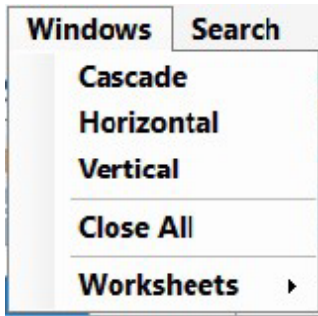

This is a scratch pad to keep notes and provide additional information while you complete your report. Click the File menu and then Save to save Notes to your Report.

Use the File and Edit menu as you would a typical text editor.

## Windows

### *The Windows Menu*

Use the Windows commands to arrange the Worksheets to your satisfaction. Select the Worksheets command to see a list of opened Worksheets. You may select an open Worksheet to bring it to the front of the Report.
